COLLEGE REPORT

October 1977 / Volume 30, Number 8

Pulitzer Prize Winner Visits Campus

W. D. SNODGRASS, winner of the 1960 Pulitzer Prize in Poetry, read and discussed portions of his poetry during two sessions be conducted on the Lycoming College campus on Friday, Suptember 23.

Snodgrass presented an informal talk about writing and contemporary literature during a special library forum open to the public in the lower lounge of the library in the Academic Center. His topic was "On Poetry and Poets,"

The poet, who is presently professor of English at Syracuse University, is a native of Pennsylvania. He is a graduate of Benver College and holds advanced degrees from the University of Iowa. Among his better known books of poetry are Heart's Needle, After Experience and Fuhrer Bunker.

In the photo above, Prof. Snodgrass talks with Gary Sojka, Lycoming Senior at the Library Forum.

NOW IS THE TIME . . .

FOR ALL GOOD ALUMNI, PARENTS AND FRIENDS TO COME TO THE AID OF LYCOMING COLLEGE. THE 1977 CAMPAIGN WILL BE OVER IN ABOUT TEN WEEKS -- DECEMBER 31.

IF YOU HAVE SENT YOUR CHECK, THANKS AGAIN. I)
YOU HAVEN'T, PLEASE DO AND HELP US BREAK THE \$100,000 BARRIER'

Dr. Priest Commissioned To Update College History

Dr. LORING B. PRIEST, professor emeritus of history at Lycoming, has been commissioned by the college to update the history of the institution.

Dr. Priest will concentrate primarily on the last two decades in preparing a supplement to the history of the college written and published in 1959 by the late Charles S. Williams, judge of the Lycoming County courts and a member of the college board of trustees.

Emphasis at the outset will be on recording the events of the last twenty years. These years include the major growth and development period of Lycoming College. Williams' History of Lycoming College covers only about a decade of the four-year college and almost a century and a half of its predecessor institutions.

There is a very large collection of documents, minutes, resolutions, and other records to sort through, examine and evaluate. It is a considerable task, even for a trained historian, and may take as long as five years to accomplish.

Dr. Priest has indicated that he would like to include some of the photographic history—the people, the scenes, the events—of the period. We also hope that be will include some of the poiguant, humorous and hectic events that were not of much historical importance but that have been well remembered by those who were bere at the time.

CAMPUS NOTES

MORTON FINEMAN, Astronomy/Physics Department, co-authored (with P. Poulsen and D. R. Miller) an article entitled "Experiment-al Components of a Crossed Molecular Beam Apparstus Designed to Study the Reaction of O + H₂O = OH + OH," which was published in Progress in Astronautics and Aeronautics -- Rarefied Gas Dynamics, Volume 50 (1977).

MOON JO, Sociology/Anthropology Department, will chair the Criminology Section for the Pennsylvania Sociological Society which will be meeting at The Pennsylvania State University on November 4-5, 1977.

WILLY SMITH, Astronomy/Physics Department, bas been appointed editor of <u>UFO Phenomena</u>, an international journal receotly created and devoted to the scientific study of UFO's. This journal is published in English in Bologna, Italy.

STANLEY WILK, Sociology/Anthropology Department, will chair the session on Humanistic Anthropology at The Pennsylvania Sociological Society Meeting which will he held at The Pennsylvania State University on November 4 and 5, 1977. At this session Dr. Wilk will present a paper entitled "Anthropology as Myth."

Art Department Opens New Photo Lab

The Art Department opened its new photo lab in September. Its facilities ioclude three main areas: (1) the print room; (2) the wet room for print washing and daylight processing; and (3) the classroom-critique room which is also used for print finishing.

Introduced several years ago by the Art Department as an experiment, photography has become a very popular course. Two introductory sections are offered each fall semester and an introductory and advanced course each spring semester. Courses are also offered during May Term and Summer Sessioo. The new lab is currently being used by about 50 students, most of whom are enrolled io photography courses.

It has been a very big jump from the cubbyhole in Eveland Hall to the new spacious quarters in the basement of the Academic Center, Terry Wild, '68, photography instructor, and his students are delighted with their new location. The Lycoming College Report will publish examples of student photographic art as space and print availability permit.

Fall Enrollment Down

Enrollment statistics released recently by Robert J. Glunk, registrar and assistant to the dean, show 1,298 students registered for the fall semester of the 1977-78 academic year which opened August 29.

Total enrollment, which includes part-time students, decreased by approximately 100 compared with the 1,405 students who hegan the 1976-77 academic year. Most of the loss is reflected in the freshman class, where 322 enrolled this year compared with 410 last year.

Frank J. Kamus, director of admissions, attributed the decline in enrollment in the freshman class to a more selective admissions policy adopted this year by Lycoming College to eliminate acceptance of "marginal students." The admissions officer said the policy was pursued to locrease the overall quality of the incoming freshman class. He said the average College Board score of the class is above the

national average, and they also average in the second fifth of their high school class.

Other enrollment figures for 1977-78 compared with last year include seniors, 276 (284); juniors, 247 (279); sophomores, 320 (270), and special, 133 (162).

The student hody represents fifteen states, the District of Columbia and two foreign countries -- the United Kingdom and Greece.

Pennsylvania accounts for 792 students, followed by New Jersey (307) and New York State (127). Maryland (22) and Connecticut (17) are the other two states with more than ten students presently enrolled.

The "Distribution by Religion" tally shows Roman Catholic with 386, United Methodist 248, no preference 206, "Protestants" 112, and Preshyterians 104. Sixteen other denomidations are represented with lesser numbers.

The Arena Theatre's first production this year is Shakespeare's Midsummer Night's Dream. The play is this year's entry for the American College Theatre Festival.

ACTF-X

The Theatre Department of Lycoming College is a member of the American Theatre Association and for the nioth consecutive year we are entering a play in the American College Theatre Festival. This annual event, preseated by the John F. Kennedy Ceater for the Performing Arts and the Alliance for Arts Education, produced by the American Thestre Association, and sponsored by the Amoco Oil Corporation, is an opportunity for colleges and universities across the country to present the work of their theatres in a competitive festival. During the fall, each participating school is visited by a judge during its run of the play entered for competition. Regional festivals are held in January and February where the hest three or four plays from each region are presented together. On the basis of this presentation, approximately ten plays are selected from the regional festivals and presented in Washington, D.C., in April at the Eisenhower Theatre.

The Arena Theatre has been selected three times to attend regional festivals--1969, LUV; 1971, THE RIMERS OF ELDRITCH; and in 1973, THE THREE SISTERS. We are pleased to welcome Professor Joseph Peluso of Seton Hall University and Professor John Blue of Orange County Community College as our judges this year.

ARENA CALENDAR

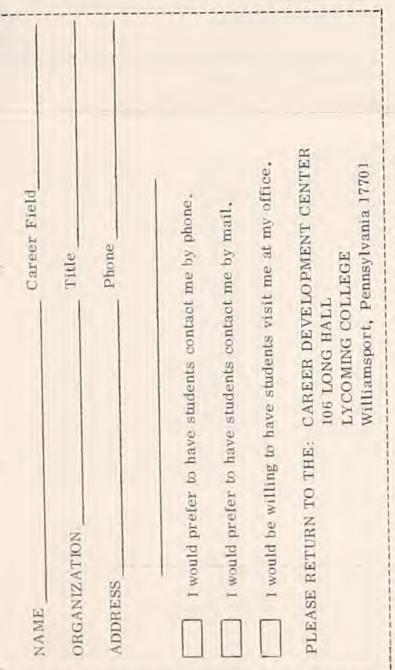

THE IMPORTANCE OF BEING EARNEST

The Career Development Center Needs You!

In an effort to increase Lycoming students' accessibility to successful professionals in various career fields, the Career Development Center is enlisting Alumni cooperation to serve as career resource persons for our students. Often students have questions about various occupations which are best answered by a professional in the field. The Career Development Center is hoping that we might keep your name on file as someone who, on occasion, would be available to speak to or correpond with Lycoming students should questions arise concerning your area of expertise.

It is possible that some alumni might not be contacted. However, having your name available to us, should the need arise, would strengthen our network of career resources. The insight you could provide to Lycoming students will contribute to their understanding of the world of work and will assist them in making informed decisions regarding their own career goals.

If you feel you would like to assist us in this capacity, please fill out the form below. All efforts will be made to limit the number of students who will contact you so that this does not become a burdensome obligation. Your support in this matter will strengthen Lycoming College by helping to produce informed graduates who are aware of the realities of career preparation.

Fullback Ty Bornman (40) plunges for short gain in the disappointing 16-6 loss to Albright.

Out of the Past . . .

CHARACTERS and CARICATURES

There was a refuge early in the life of Lycoming College where serious debate, deliberation, discussion and resolution of crucial problems took place. Members of the faculty and administration—and perhaps a few students—met there almost daily to eat lunch and to argue about whatever was going on up on campus. While this forum certainly had no official sanction or recognition—in fact, it was probably looked upon with quiet suspicion—there is little doubt that the soul—searching that went on there helped mold some of the developing characteristics of the new four—year institution,

It wasn't all deadly serious business. We had a lot of fun, formed lasting friendships and occasionally dropped a scarce nickel into pinball machines that never paid off. The sandwiches, soup and coffee were always good and the service more than adequate.

We're talking about a small eating establishment known as The College Pantry that was located at 136 East Fourth Street (now occupied by the Lou Nun Surgical Supply Co.). Its owner-operator was George Kline and he was ably assisted by his sister, Elizabeth, more affectionately known to all as "Liz."

George opened the Pantry in 1948, the first year of the four-year college. In the six years that George operated the establishment, it became a favorite place for coffee, snacks and lunch, both for students and college personnel. George died unexpectedly in 1954 and Liz took over the management and kept it open until 1962.

At the risk of omitting some VIP's of that era, here are some of the "characters" who frequented The College Pantry: Loring Priest, Robert Ewing, Gertrude Madden, Helen Weidman, Marion Maynard, John Graham, Joe Peck, Eleanor Garner, Jack Hollenback, Betty King, Ollie Harris, Roger Cogswell, Don Remley, J. Milton Skeath, Phil Gillette, John Chandler, Russ Graves, Frances Knights Skeath, Don Kyte, Otto Sonder, Ted Frutiger and others.

And then there were the caricatures. From about 1951 until The College Pantry closed its doors, the above caricatures graced one of its walls. Drawn by Kline Cohick, '51, from Jersey Shore, this masterpiece is now the proud possession of John P. Graham, Professor of English.

Upper left: Donald G. Remley, '17, long-time member of the faculty and Assistant Professor Emeritus of Mathematics and Physics. Don resides in Williamsport with his wife, Ada, who is a Lycoming trustee.

Upper Right: George Kline, proprietor of The College Pantry, died in 1954.

Center: Dr. J. Milton Skeath, Former Dean, Professor Emeritus of Psychology, Mace Bearer--"Mr. Lycoming." Jim began his career at this institution in 1921, retiring in 1966. Lycoming conferred the honorary degree, Doctor of Letters, on Jim in 1967. He died suddenly on November 12, 1968.

Lower Left: James Sterling, Associate Professor of English Emeritus. Jimmy taught in the Seminary, Junior College and Lycoming. He retired in 1956, at which time he received the honorary degree, Doctor of Letters. He died in Texas in 1971.

Lower Right: The Rev. Clair J. Switzer,
Assistant Professor of Religion, joined the
faculty in 1945. Clair was the first president of the AAUP Chapter at Lycoming. He
retired in 1956.

The Editor

Fall Sports Round-up

BRUCE L. SWANGER

After disappointing losses in the first two contests of the 1977 season, the Warrior foothall team bounced hack to capture three consecutive games to enhance the possibility of a third winning season in a row.

Both early acason defeats were frustrating

to coach Frank Girardi'a Warriors, particularly the 7-3 opening day loss to Dickinson. Lycoming mistakes deep inside Red Davil territory consistently thwarted all acoring with the exception of a 29-yard field goal by Robbi Bleistein, younger brother of Dave Bleistein, who established school scason and career placement records last year as a senior. Lycoming was inside the Dickinson 30-yard line seven times during the game but

could cash only the field goal.

The Warriors, coming off a fine 8-1 record in 1976 and with 17 starters returning to the two units, went into the Dickinson game extremely optimistic about both an undefeated season and winning the Middle Atlantic Conference championship. Both possibilities were all but climinated on two consecutive Saurdaya, with the defeat by Dickinson in a nonconference contest definitely erasing an undefeated season, and the 16-6 loss to Albright the next week reduced the Warriors' chances of winning the championship to all but a slight mathematical possibility. Again

it was the inability to sustain the offense

which led to the Lyco defeat,

The winner of the Lyco-Albright game was picked by the experts to go on to the MAC championship, and Albright is giving every indication of doing just that. They have defented convincingly all their opponents to date, and only an unexpected upset of the Lions plus two more conference wins by the Warriors would give Lycoming a share of the conference crown. The Lions are presently 3-0 in the conference and Lycoming is 3-1, Each team plays six conference games.

In addition to losing the foothall game to Albright, the Warriors also lost, indefinitely, the services of Frank Morogiello, their starting quarterback, who received a fracture of the middle finger of his right hand. Jack McEachern made his varsity debut the next week against Wilkes as a replacement for Morogiello, and the 190-pound sophomore responded by leading the Warriors to a 7-0 victory over Wilkes on muddy College Field. Wide receiver Bill Kilpatrick scored the only touchdown of the day when he slanted over the middle of the end zone to grab a 10-yard pass from McEachern in the third quarter.

A repeat of the adverse playing conditions occurred the next Saturday when the Warriors again won by a shutout, blanking Susquehanna, 7-0, to a driving rainstorm at Schinsgrove. McEachero was again running the offense. Despite numerous turnovers caused by the weather conditions, the Warriors onanaged to make one offensive drive pay off with fullback Ty Bornmann plunging over from the two-yard line in the third quarter for the score.

Again it was raining to Doylestown the followfog Saturday, for the fourth straight week,
to make playing conditions less than favorable.
Despite four lost fumbles, the Warriors
scored two touchdowns and a field goal to
defeat the Aggies, 16-8, for their third consecutive win. McEachern scored both touchdowns on short plunges over the middle to
cap the offensive drives, and Bleistein booted
a 27-yard field goal for the other score.

Injuries, which have been plaguing the Warriors all season, took its toll in the Delaware Valley game when Fran Miller, All-MAC offensive guard and offensive co-captain, received a fracture of the arm which is expected to sideline him for the remainder of the season.

FALL SPORTS TEAMS UNABLE TO FIND WINNING COMBINATION

With their record now 3-2 and a winning momentum under way, the Warrior football team appears to be the ooly one of the four Lycoming fall varsity sports teams with more than a slim mathematical chance to finish above .500.

The Warrior soccer team, just past the half-way mark on the schedule, has been plagued with numerous injuries to key plsyers and has managed to record just one win while dropping six. They must win all six remaining games to finish over .500.

The lone soccer victory came in an exciting

Middle Atlantic Conference match with Wilkes

with the Warriors coming out on top, 6-5, as

Bart Landzert booted home four goals and

Chris Mayo and Rich Edgar each added one. Lack of a consistent offense has been a contributing factor in the mediocre record compiled by the Warriors thus far. Other than the Wilkes contest, the top single game scoring effort has been two goals, and the booters have been blanked twice in seven games. Their losses have been to Dickinson, 4-0; Lock Hsven, 9-1; Scranton, 4-0; Messiah, 6-1; Bloomsburg, 9-2, and Susquehanna, 6-1. The field hockey team moved off to a good

start with a 1-1-1 record in the first three

games and then fell on hard times by being

blanked in three consecutive matches for a 1-4-1 record. They must win the remaining

three contests on the schedule to finish at .500.

Lycoming was edged, 3-2, by Mansfield in the opening game of the season before rolling to a 4-0 shutout of Marywood with Cheryl Martin, Ann Wettzel, Bence Brosius and Jackle Winther each scoring once. Cheryl and Marlene Moser recorded the goals in the close Mansfield match. The Lyco stickers then played to a 1-1 draw with Scranton before

hitting a scoring drought resulting in shut-

Wilkes, 2-0.

outs by Susquehanna, 4-0; Juniata, 3-0, and

The fall tennis team was still looking for its first victory with six of the nine matches already played and cannot finish with a winning record. The netters, with Gina Shimshidian and Bobbi Gill winning singles and Jill Delssler and Lisa Wool and Elizabeth Thompson and Bobbi teaming for doubles victories, came nearest to a win in the 5-4 opening

After the close match, the netters were blanked, 9-0, in four consecutive defeats by Bloomsburg, Scranton, Lock Haven and Bucknell. The other loss was to Wilkes,

BASKETBALL, MAT TEAMS FACE DIFFICULT 1977-78 SCBEDULES

match loss to Mansfield,

Lycoming baskethall and wrestling teams will be facing what may well be their most difficult schedules in bistory when the winter sports scene arrives on campus early in December.

The Warrior baskethall team, in addition to meeting seven Middle Atlantic Conference opponents twice during a 25-game season, will play such teams as Navy, Army, and Bucknell, with the latter two new on the schedule. The two service academies are

Both schedules have been upgraded with the additions of Division I and Division II teams which have not previously appeared on the

Bucknell, with the latter two new on the schedule. The two service academies are Division I and Bucknell participates in Division II. The Warriors will appear in two tournaments during the season at Loyola of Baltimore and Lebanon Valley and will also play single con-conference engagements with Philadelphia Textile, Drew and Baptist Bible. Textile, a Division II school, is no longer in the MAC.

Several Division I teams appear on the Warriors wrestling schedule for the first time,
Added to the seven major wrestling schools
met last year are West Virginia and William
and Mary. Both will participate, along with
Princeton, in a quadrangular meet at Princeton. Division I teams to he wrestled in dual
meets include the University of Pittshurgh,
the University of Maryland, Rider, Franklin
and Marshall, Wilkes and Bucknell, All
were on the 1976-77 schedule.

nessee at Chattanooga, Duke, Bucknell, and the host team. Gettysburg and Morgan State will also participate.

The complete schedules of both teams appear

Wrestlers from a number of Division I schools

will also appear against Warrior grapplers in

the eight-team Bloomsburg Invitational Tour-

nament, including Virginia, University of Ten-
